Clinical Medical Assistant 400 Hours	\$50	\$4700	\$200	\$4,950

ATTENDANCE

Regular attendance is required. Absences may occur, and make-up opportunities are available to assist you in keeping up with your scheduled progress. Every effort must be made to maintain 70% attendance. Any student who is absent more than 15 percent of the total number of instructional hours offered during the first half of the student's program, not including leaves of absence, shall be dismissed.

Instructors maintain attendance records for each student. The record of attendance will be used to calculate a student's academic satisfaction, and tuition refund. Students requesting a leave of absence must submit a leave of absence form for approval. The leave of absence must be requested and approved in writing. If a student fails to return to school on the return date given, the school may dismiss the student. The student will be evaluated upon his/her return and placed at the appropriate part of the program.

LEAVE OF ABSENCE

A Leave of Absence may be granted if the reason is determined to be valid by school officials. A written request for leave must be submitted prior to the leave of absence. A leave of absence may not exceed thirty days. All requests for a leave of absence should be addressed to the school Director. A Leave of Absence may result in an extension of the student's projected graduation date. There are no additional tuition charges for a student who returns from an approved leave of absence within the prescribed time.

MAKE-UP WORK

Coursework missed because of absences can be made up through arrangement with ACS faculty. Make-up hours do not remove absence records but will be documented separately. Absences exceeding 15% of instructional hours must be made up under the supervision of a licensed instructor. Make-up hours are documented by ACS faculty. Make-up hours signed by licensed instructors are honored and will be counted as clock hours completed.

The combination of make-up hours and regular instructional hours (included internship) shall not exceed eight (8) hours per day and fifty-six (56) hours per week

or within any seven (7) consecutive days.

TARDINESS

Lateness to class disrupts the learning process, is unfair to the instructor and those students who arrive on time and will not be tolerated. Students demonstrating a pattern of lateness will be asked to discuss this situation with the Student Advisor to solve this problem. Continued lateness may result in the student's probation or suspension.

WITHDRAWAL AND DISMISSAL

The school reserves the right to terminate a student for any of the following reasons:

- Unsatisfactory progress, attendance or behavior
- Noncompliance with rules & regulations of the institution
- Tuition Delinquency

In such an event, ACS will inform the student in writing of the effective date of expulsion. Tuition that results in an overpayment will be refunded within 30 days. If a student withdraws before a module ends without appropriate documentation, then all work done during that module is lost. Course credit and grades are given only for completed modules. The failure of a student to notify the director in writing of withdrawal may delay refund of tuition due pursuant to Section 5002 of the Education Law.

Any student desiring early dismissal from class must have a valid reason and make his or her request in writing to the school Director. Early dismissal from class is granted at the sole discretion of the school's management staff.

Non-immigrant international students who request to withdraw from ESL or vocational programs before completion will have their SEVIS status terminated under the reason of "authorized early withdrawal". Authorized early withdrawal does not have negative impacts on future non-immigration visa application.

The ACS financial aid office will perform the R2T4 calculation on students who use Title IV funds to pay their tuition fees in the event of early dismissal.

ABSENCE FOLLOW-UP PROCEDURE

After the second (2nd) absence of one instructional day without notifying the school – The school will contact the student.

After the third (3rd) absence without notifying the school – The school will notify student in writing, along with student's current attendance record.

After the fourth (4th) absence without notifying the school – The school will notify the student of their dismissal status in writing, along with student's current attendance record.

PROBATION AND TERMINATION

At the discretion of the administration, a student may be placed on a two-week probation or be dismissed. The enrollment status will be terminated due to violations of academic or student conduct rules and regulations, which include but not limit to, being under the influence, consuming, selling, or possession of drugs or alcohol on school premises, possession of a weapon on school premises; behavior creating a safety hazard to others on school premises; disobedient or disrespectful behavior to another student, administrator, or faculty member; any violation of local, state, or federal law; or, for failure to meet financial obligations.

Once terminated, a student will be ineligible for re-entry. If a student is terminated from a Course or Program, a prorated refund will be calculated in accordance with the school's published refund policy.

CANCELLATION AND REFUND POLICIES

If a student cancels their enrollment agreement prior to or on the first day of instruction, the student has a right to a full refund of all charges. In addition, a student may withdraw from a course after instruction has started and receive a prorated refund for the unused portion of the tuition and other refundable charges if the student has completed 60% or less of the instruction. The school will also refund the tuition collected from a third party on the student's behalf such as license or application fees. If the school cancels or discontinues a course, the school will make an appropriate refund of all charges.

RETURN OF TITLE IV FUNDS (R2T4) POLICY

The school is required to return all forms of unearned federal financial aid in accordance with the Department of Education's Return of Title IV funds calculation. In addition, the student is responsible for making arrangements with the Department of Education if it is determined that the student is ineligible for the funds received. The Financial Aid Office recalculates federal financial aid eligibility for any student who withdraws, drops, fails to return from a leave of absence, or is dismissed from the school.

The percentage of aid earned is determined by the number of scheduled hours. The students earned and unearned Title IV aid based on the % of the enrollment period scheduled to be completed; and must be returned to the federal government or lending institution while the school's Institutional Pro-Rata calculations is based on actual hours. A student who withdraws may be required to return unearned aid yet still owe a refund to the school and vice versa. When a refund is due from a student who has officially terminated/withdrawn, any tuition due after the school's Institutional Pro-Rata calculations are refunded within forty-five (45) days of written cancellation or

termination/withdrawal. The withdrawal date is considered the last date of attendance. After the 60% point of the payment period, a student has earned 100% of the Title IV funds he/she was scheduled to receive during the payment period.

The R2T4 calculation will be performed within 45 days from the date of determination of the student's withdrawal. Any unearned Title IV funds will be returned to the program(s) from which the student received aid during the payment period, in the following order:

1. Unsubsidized Direct Stafford Loan
2. Subsidized Direct Stafford Loans
3. Federal Perkins Loans
4. Direct PLUS loans
5. Federal Pell Grants
6. Federal Supplemental Educational Opportunity Grants

TUITION DELINQUENCY

All charges due to ACS must be paid in full by the payment due date of each payment period. ACS may require payment of a delinquent account to be in the form of certified funds, such as cash, money order, or a cashier's check.

THE TUITION REIMBURSEMENT FUND

The Tuition Reimbursement Fund is designed to protect the financial interest of students attending proprietary schools. If a school closes while you are in attendance, prior to the completion of your educational program, then you may be eligible for a refund of all tuition expenses which you have paid. If you drop out of school prior to completion and you file a complaint against the school with the State Education Department, you may be eligible to receive a tuition refund if the State Education Department is able to provide factual support that your complaint is valid and to determine that there was a violation of Education Law or the Commissioner's Regulation as specified in Section 126.17 of the Commissioner's Regulations. To file a claim to the Tuition Reimbursement fund, you must first file a complaint with the State Education Department and the staff of the State Education Department will assist you in the preparation of a tuition reimbursement form.

Students can file a complaint, file a claim to the tuition reimbursement fund, or get additional information at:

a mature manner. Students are expected to treat everyone with respect and courtesy. Students are to behave as though this were a working environment. Students must maintain proper personal and professional hygiene. Each student must read and accept the written Rules of Conduct (See below).

STUDENT CONDUCT POLICY

At the discretion of the administration, a student may be dismissed for being under the influence, consuming, selling, or possession of drugs or alcohol on school premises, possession of a weapon on school premises, behavior creating a safety hazard to others on school premises, disobedient or disrespectful behavior to another student, administrator, or faculty member, or any violation of local, state, or federal law. Please refer to the School's Drug and Alcohol Abuse Prevention Programs Policy for detailed information about help and penalties.

All students must comply with the school safety rules listed below. A student with one violation of the rules and regulations will receive a warning*. While attending classes at ACS, students are required to dress in a proper manner. Students who violate the dress or behavior code will not be permitted to attend or remain in the class, laboratory or clinical experience and an absence will be recorded.

- Healthcare Programs: All students are required to wear seal blue scrubs with the school logo.
- Other Programs: All students are required to dress in a proper manner.
- Students are not permitted to wear shorts, torn, dirty or inappropriate clothing.

DEVICE POLICY

Personal, on-campus use of audio and image recording equipment must have the written authorization of the school Director. In addition, it is required that any

authorized person secure the approval of the person they are recording prior to use of the device(s). The equipment/device(s) include but are not limited to cell phone cameras/audio recorder, digital and still cameras, motion picture cameras, video cameras, analog and digital tape recorders, solid state digital recording devices or any device capable of recording sound and/or image. Use of audio and image recording devices for personal use without authorization are considered intrusions to academic, management, and student communities. Violation of this policy may be the cause for disciplinary action up to and including dismissal from school and/or criminal record.

SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

Students must maintain Satisfactory Academic Progress throughout the duration of their program to be eligible for federal, state, and institutional aid. Satisfactory Academic Progress is assessed by Grade Point Average and Pace of Completion measures and is evaluated at the end of each course in the student's program.

To be in good academic standing, every student (full-time or part-time) must meet the following minimum requirements:

GRADING SYSTEM

A student must maintain a minimum a C grade in the program and attend at least eighty-five percent (70%) of the class hours offered and satisfy all financial obligations before he or she is eligible to graduate. The school then awards a certificate of completion for the program. The student is awarded the following grades based on a cumulative average of their class quizzes, midterm and final exam. A student's work will be graded according to the following scale:

Score %	Grade	Grade Point	Description
90-100	A	4.0	Excellent
85-89	B+	3.5	Very Good
80-84	B	3.0	Good
75-79	C+	2.5	Fairly Good
70- 74	C	2.0	Fair
65- 69	D+	1.5	
60 -64	D	1.0	
55 -59	F	0	Fail
	I		Incomplete
	W		Withdraw

The Financial Aid Office performs reviews of Satisfactory Academic Progress at the end of each payment period, at which time students who fail to meet the minimum Satisfactory Academic Progress requirements outlined above will have their financial aid terminated. Students who fail to meet Satisfactory Academic Progress will receive written notification from the Financial Aid Office.

MINIMUM STANDARDS OF ACADEMIC PROGRESS

To meet the minimum academic standards as well as to maintain the eligibility of Title IV funds, a student must meet the Satisfactory Academic Progress criteria:

- Cumulative completion rate (67 %);
- Cumulative grade point average (2.0); and
- Approved SAP appeal*.
- Passed all required courses by the midpoint of the program and completed all course requirements by the maximum program length

MAXIMUM PROGRAM LENGTH

The maximum program length is the maximum period a student is permitted to complete a program. A student must complete the entire training program in no more than 1.5 times or 150% of its standard program length. Failure to complete the program during the allotted period will result in the student's termination.

WARNING AND PROBATION

Any student, who is absent more than 15% of the total number of instructional hours offered during the first half of the program, excluding approved leaves of absences, may be given a second chance by being placed on warning/probation for one grading period. Students who fail to pass the program as stated above may also receive probation for one grading period. Those placed on probation will be notified in writing. A student on probation is considered a regular student making satisfactory progress. A student is removed from probation when he or she has met all requirements of satisfactory progress. If satisfactory progress is not achieved at the designated time, the student will be dismissed.

ACADEMIC APPEAL

Any student who wishes to appeal a decision of administration must do so in writing. This written appeal must be made within five (5) days and addressed to the school Director. A committee appointed by the school Director will review the appeal. The Committee will notify the students of its decision within 5 days of the date on which the appeal was received.

A student who believes his/her failure to meet the Satisfactory Academic Progress standards was due to extenuating circumstances beyond his/her control may appeal in writing to the Financial Aid Office. Students are encouraged to submit appeals as soon as possible after being notified of unsatisfactory academic progress.

Appeals should thoroughly describe the student's extenuating circumstances that contributed to his/her lack of Satisfactory Academic Progress; if appropriate, documentation to substantiate the circumstances should be attached. In addition, the appeal must include the measures the student plans to take to ensure that he/she will demonstrate Satisfactory Academic Progress at the next evaluation.

Once an appeal decision has been made, subsequent appeals will not be accepted for that program year. Students who have submitted appeals will receive written notice of the appeal decision. Approved appeals will result in the awarding of financial aid for

the program approved. Denied appeals will result in the termination of federal, state and institutional financial aid, until the student demonstrates good academic standing.

Please note, students who exceed the maximum timeframe of 1.5 times or 150% of the length of the educational program become ineligible for financial aid. This determination cannot be appealed.

RE-ENTRY

A student who has voluntarily withdrawn from the school and desires re-entry must obtain permission from the school administrator or director and sign a new enrollment agreement for the hours remaining to complete the program. Any tuition due to the school will be determined and payment must be arranged before re-entry. Students will be charged at the hourly rate only for the hours that they need to complete the program. Students will be permitted to re-enter at the discretion of the school Director and after a review of their academic records. A student requesting re-admittance after failing to maintain satisfactory progress must remain out for one grading period. If reinstated as a regular student, he or she will be placed on academic probation until at least the following grading period.

Students terminated or expelled from school are not eligible for re-entry.

MARKING PERIODS

ACS conducts classes twelve months a year, except for the holidays listed in the catalog. For programs with 100 hours and up, each module is a marking period. For programs of less than 100 hours, the marking periods happen at the 1/3 and 2/3 of the program. The marking period scores are used cumulatively towards a student's final grade. For any program, there are at least two marking periods.

GRADUATION

A student must have completed all required courses in the program within 150% of the published program length with a minimum 2.0 GPA. The school awards a certificate of completion for all courses.

OFFICIAL WITHDRAWAL

Completion of proper withdrawal papers and procedures ensures the student will not receive failing grades for coursework during the term of withdrawal. If a student completely withdraws during a period of enrollment for which he/she received financial aid, the Financial Aid Office will determine the amount, if any, of the student's financial aid award that must be returned based on a Federally mandated refund formula. If a student who uses Title IV funds withdraws or drops from classes, it will affect his/her eligibility for financial aid grants and loans. The student will be required to return/repay the dollar amount calculated as unearned aid.

UNOFFICIAL WITHDRAWAL

If a student does not notify the school and stops attending for 14 consecutive calendar days, the school will consider the student's enrollment status as "unofficial withdrawal". For students who have used Title IV funds, the school will return the

unearned Title IV funds based on the attended clock hours in the payment period. The school will notify the student about the amount to be returned and it is the student's responsibility to return the unearned credit balance.

CERTIFICATE OF COMPLETION

A Certificate of Completion is to be awarded to each student completing a course or curriculum. It is to reflect the name and address of the institution, the student's name, the course/curriculum, and the date of completion. Copies of the certificate of completion are to be kept in the student's academic file. The certificate of completion is critical in assisting students upon school closure.

TRANSFER STUDENTS

ACS may not accept transfer students previous course credits.

COLLEGE CREDIT

Licensed private career schools offer curricula measured in clock hours, not credit hours. Certificates of completion, i.e., school diplomas, are issued to students who meet clock hour requirements. The granting of any college credit to students who participated in and/or completed a program at a licensed private career school is solely at the discretion of the institution of higher education that the student may opt to subsequently attend.

STUDENT GRIEVANCE PROCEDURES

Students are encouraged to bring any complaints to the attention of the Director who will assist in addressing the matter. If the situation warrants it, the student may request a meeting with the Director, or send a letter to ACS detailing the problem. A written response will be made within 10 business days of the receipt of a written complaint. The Director can appoint a committee of at least three people to assess the situation. The staff and the faculty of ACS are committed to assisting the students as much as possible in resolving any problems that may interfere with their success. Use the school's internal grievance procedure or discuss your problems with teachers, department heads or the school director. We suggest that you do so in writing and that you keep copies of all correspondence to the school. The school cannot require you to do this before you file a complaint with the New York State Education Department. If you do file a complaint with the Department, please advise the Bureau of any attempts you have made to resolve the grievance.

Grievances may also be directed to the New York State Department of Education, Bureau of Proprietary School Supervision. FINANCIAL AID

Both ACS campuses participate in Title IV federal student aid programs. As of 2023-24 academic year, Title IV eligible programs are Bookkeeping Specialist with Business English, and Medical Assistant. It is advisable that students who would like to enroll in Title IV-eligible programs file the Free Application for Federal Student Aid (FAFSA) in advance. ACS recommends students file the FAFSA online at <https://fafsa.gov/>.

Federal Student Aid

Federal Pell Grant Program

Federal Pell Grant – 2025–2026 Award Year, the maximum Federal Pell Grant award for the 2025–2026 award year (July 1, 2025 through June 30, 2026) is \$7,395. The actual amount an eligible student may receive depends on several factors, including the student's financial eligibility, Student Aid Index (SAI), cost of attendance, enrollment intensity, and other applicable federal eligibility requirements. A Federal Pell Grant, unlike a loan, generally does not have to be repaid, except under certain circumstances. Certain confined or incarcerated individuals may also be eligible to receive a Federal Pell Grant if they are enrolled in an eligible Prison Education Program (PEP), subject to applicable federal requirements.

Students should complete the Free Application for Federal Student Aid (FAFSA) and contact the Financial Aid Office for additional information regarding eligibility and available federal student aid.

Direct Loans

A Federal Direct Loan is money borrowed by a student from the U.S. Department of Education that must be repaid with interest. Eligible ACS students may apply for Direct

Subsidized Loans and Direct Unsubsidized Loans. For first-year undergraduate students, the annual combined loan limit for Direct Subsidized and Direct Unsubsidized Loans is generally \$5,500 for dependent students and \$9,500 for independent students. No more than \$3,500 of the first-year annual loan amount may be subsidized.

Direct Subsidized Loans are based on financial need, and the federal government generally pays the interest while the student is enrolled at least half-time and during certain other eligible periods. Direct Unsubsidized Loans are not based on financial need, and interest begins accruing after the loan is disbursed.

The actual amount a student is eligible to borrow may be less than the maximum annual loan limit and is determined based on federal eligibility requirements, the student's program and academic year, cost of attendance, other financial assistance, and any applicable loan-limit proration.

For additional information about Direct Subsidized and Direct Unsubsidized Loans, please visit the Federal Student Aid website:

Federal Student Aid – Subsidized and Unsubsidized Loans

Verification

Verification is the confirmation through documentation that the information provided on a student's Free Application for Federal Student Aid (FAFSA) is correct. The federal government requires schools to verify or confirm the data reported by students and their parent(s) on the FAFSA. If selected for verification, the student must submit the required documents to the financial aid office within ten (10) business days. Late submission of financial aid verification documents will lead to delays of Title IV funds. The estimated processing time of Financial Aid verification is six (6) to ten (10) weeks.

Return of Title IV Funds

If a student withdraws completely or fails all courses (or any combination of the two), the Higher Education Amendments of 1998, requires institutes to determine how much aid must be returned (repaid). Students could be required to return (repay) all or a portion of Federal grants if they earned zero credit hours for the term.

Students will be notified if they must return (repay) Federal financial aid funds to the Federal Department of Education. Failure to repay this, or to make satisfactory arrangements for repayment, will result in becoming ineligible for Federal Financial Aid funds at any institution.
