At the discretion of the School Director, advanced standing may be given for prior education. Students will be required to provide an appropriate transcript. Advanced standing approval must be given prior to enrollment.

ACS does not permit currently enrolled students to transfer between classes. If a student wants to transfer to another program they must enroll as a new student. Any tuition paid to the school is non-transferable.

The Institution allows transfer students to enroll in the programs, demonstrating completed program requirements from a different licensed or registered school or a registered program at a degree-granting Institution. Courses similar to courses being offered at Alliance Computing Solutions that were taken at another institution and were completed with a grade of "C" or higher are counted toward the program in which a student enrolls. Therefore, a student is only required to complete the remaining required courses necessary to graduate. An evaluation of the transfer courses from a different Institution will be made upon receipt of an official transcript from that Institution

FINANCIAL ASSISTANCE

ACS participates in federal or state financial aid programs as well as accepts State Grants funded through Workforce 1, Acces-VR and the GI Bill. However, the school has other tuition payment plans available for students. A plan tailored to meet your needs while attending school can be arranged at the time of registration with the bursar

ATTENDANCE

Students are expected to be in class for the prescribed number of hours for which they have enrolled. All students must be present for at least 70% of offered hours in order to graduate. Continuous absences, which, in the opinion of the faculty and administration, hinder educational objectives and result in unsatisfactory achievement, may lead to termination of the student's enrollment. Absences for acceptable personal or medical reasons will not lead to termination although the student's projected date of graduation may have to be revised. Excessive lateness and leaving early will be counted as absences. Keeping good attendance in school will benefit you both in your training and in employment.

MAKE-UP WORK

Classroom work missed because of an absence can be made up through arrangement with the School Director. Make-up work, however, does not remove an absence. Absences exceeding 20% of instructional hours must be made up in supervised work, documented by faculty, in order for the student to receive credit. Attendance at make-up sessions will be permanently recorded in an attendance register maintained by the instructor.

LEAVE OF ABSENCE

A Leave of Absence may be granted if the reason is determined to be valid by school officials. A written request for the leave must be submitted prior to the leave of absence. A leave of absence cannot exceed thirty days. Only one leave of absence may be granted to a student in any 12-month period. All requests for a leave of absence should be addressed to the School Director. Upon return from an approved leave of absence, the student will be evaluated to determine re-entry skill level. This evaluation may result in transfer to another section in order to reestablish that necessary level of skill. It may result in an extension of the student's projected graduation date. There are no additional tuition charges to a student who returns from an approved leave of absence within the prescribed time.

WITHDRAWAL & DISMISSAL:

The school reserves the right to terminate a student for any of the following reasons:

- Unsatisfactory progress, attendance or behavior
- Noncompliance with rules & regulations of the institution
- Tuition Delinquency

In such an event, **ACS** will inform the student in writing of the effective date of expulsion. Tuition that results in an overpayment will be refunded within 30 days. If a student withdraws before a module ends without appropriate documentation, then all work done during that module is lost. Course credit and grades are given only for completed modules. The failure of a student to notify the director in writing of withdrawal may delay refund of tuition due pursuant to Section 5002 of the Education Law.

TARDINESS

Lateness to class disrupts the learning process, is unfair to the instructor and those students who arrive on time, and will not be tolerated. Students demonstrating a pattern of lateness will be asked to discuss this situation with the Student Advisor in an effort to solve this problem. Continued lateness may result in the student's probation or suspension.

EARLY DISMISSAL

Any student desiring early dismissal from class must have a valid reason and make his or her request in writing to the School Director. Early dismissal from class is granted at the sole discretion of the school's management staff.

STUDENT CONDUCT, DRESS AND RESPONSIBILITIES

All students are expected to observe acceptable standards of conduct and to behave in a mature manner. Behavior, dress, attitude and attendance must be consistent with the student's career objectives. Students are not permitted to wear shorts, torn, dirty or inappropriate clothing. The school prohibits radios, tape recorders or other devices that interfere with the learning environment.

APPEAL PROCESS

Any student who wishes to appeal a decision of administration must do so in writing. This written appeal must be made within five (5) days and addressed to the School Director. A committee appointed by the School Director will review the appeal. The Committee will notify the student of its decision within 5 days of the date on which the appeal was received.

RE-ENTRY

Any student who has withdrawn from the school and desire's re-entry must sign a new enrollment agreement for the hours remaining to complete the program. Any tuition due to the school will be determined and payment must be arranged before re-entry. Students will be charged at the hourly rate only for the hours that they need to complete the program. Students will be permitted to re-enter at the discretion of the School Director and after a review of their academic records. A student requesting re-admittance after failing to maintain satisfactory progress must remain out for one grading period. If reinstated as a regular student, he or she will be placed on academic probation until at least the following grading period.

STUDENT SERVICES

Student Service's department offers assistance, advice and feedback to our students regarding any problems, concerns, or questions relating to the successful completion of their program.

ORIENTATION

Prior to the start of classes an orientation will be given to all new students. The purpose of the orientation is to acquaint the student with the goals of the school, its rules, regulations and the objectives of their course of study.

PLACEMENT ASSISTANCE

The school maintains a full time placement assistance service for its graduates. Our placement assistance service provides assistance at the time of graduation, with entry-level positions. However, while placement assistance service may be provided, it is understood that the school cannot promise nor guarantee employment to any student or its graduates.

TRANSCRIPTS

Students requesting a copy of their transcript must do so in writing. ACS charges a fee of \$8.00 for the first transcript and \$8 per additional transcript copy. Please send a self-addressed, stamped envelope with any request for a transcript. The school reserves the right to withhold a transcript if the student's financial account is in the arrears.

TUTORIAL SERVICES

Tutorial services are available on an individual basis. Any student interested in attending a tutoring session should contact the School Director to make the necessary arrangements.

MARKING PERIODS

ACS conducts classes twelve months a year, with the exception of the holidays listed in the catalog. Terms or quarters organize each program. The course description section of the catalog gives the length of the program and distinguishes whether a course is a short-term program or is on a term or quarter basis. The refund policies of all courses are either a mini refund policy or divided into terms or quarters. Final grades are given and permanently recorded at the end of a program or at the end of a term or quarter of a program.

GRADING SYSTEM

A student must maintain a minimum a C grade in the program and attend at least eighty (80%) percent of the class hours offered and satisfy all financial obligations before he or she is eligible to graduate. The school then awards a certificate of completion for the program. The student is awarded the following grades based on a cumulative average of their class quizzes, midterm and final exam.

Score	Grade	Description
90-100	A	Excellent
85-89	B+	Very Good
80-84	B	Good
70-79	C	Fair
69 or Below	F	Fail

MAXIMUM PROGRAM LENGTH

The maximum program length is the maximum time period a student is permitted to complete a program. A student must complete the entire training program in no more than 1.5 times its standard program length. Failure to complete the program during the allotted time period will result in the student's termination.

MINIMUM STANDARDS OF ACADEMIC PROGRESS

A student must meet the following minimum standards of academic achievement to successfully complete the program while enrolled at ACS.

- Passed all required courses at the end of the first 25% of the program
- Passed all required courses by the midpoint of the program.
- Completed all course requirements by the maximum program length.

PROBATION

Any student, who is absent more than 20% of the total number of instructional hours offered during the first half of the program, excluding approved leaves of absences, may be given a second chance by being placed on probation for one grading period. Students who fail to pass the program as stated above may also receive probation for one grading period. Those placed on probation will be notified in writing. A student on probation is considered a regular student making satisfactory progress. A student is removed from probation when he or she has met all requirements of satisfactory progress. If satisfactory progress is not achieved at the designated time, the student will be dismissed.

GRADUATION

A student must have passed all required courses in the program, attended at least eighty (80%) percent of the class hours offered and satisfied all financial obligations before he or she is eligible to graduate. The school awards a certificate of completion for all courses.
